

Living As A Mahout (2 Days)

It's a simple life close to the animals and close to nature. The day of a Mahout is scheduled to fit the needs of the animals and offers you the unique chance to follow this natural rhythm. The setting is wonderful with some spectacular scenery.

Also you will have the chance to ride the Elephants and learn some specific methods for controlling the animals. You may ride many times on the first day and get close with the animals during your activities...feed them, bring them to the jungle and learn how to clean these massive animals.

A night close to nature and our Lao food will prepare you for the next day. The second day is available for either trekking or kayaking depending on your choice - however please decide and let us know in advance.

Tour Departs: You will be collected from your hotel at 8:30am.

Number of People	Price Per Person (USD)
2+	USD159.00

Prices are valid through to 1st July 2009
