### **Day One (6-7 hours trekking)**

Day one will see you embarking on a 6-7 hour trekking experience. The first two hours you will make your way through rice paddies, middle canopy and steep slopes to a Khammu Village where the local village children will greet you.

After a short break we will ascend for another hour along ridges, limestone grottos and rocky slopes for lunch at a Hmong Village. Mountains and valleys offer many opportunities to experience a variety of flora and fauna. Enjoy some spare time to stop, look, listen and ask your guide about the life teeming around you.

We will continue our trek until we approach the Khammu village for an overnight stay in family guest house. We will spend the evening dining with villagers and participating in a cultural activity. Rest peacefully at comfortable guest house after Lao Whiskey....

### **Day Two (4-5 hours trekking)**
